1 *Be it enacted by the Senate and House of Representa-*

3 TITLE I

4 SEC. 101. The Congress declares it to be the purpose of
5 this Act to provide an improved and uniform program of
6 medical care for dependents of members of the uniformed
7 services. The Congress believes that it is sound public policy
8 to provide such an improved and uniform program of medical
9 care as an important factor in the creation and maintenance
10 of high morale throughout the uniformed services because it

I

1 assures such personnel at home and overseas that the medical
2 care of their dependents is being provided.

3 SEC. 102. As used in this Act—

4 (a) The term “uniformed services” means the Army,
5 the Navy, the Air Force, the Marine Corps, the Coast

14 means a member or former member of a uniformed service
15 who is entitled to retired, retirement, or retainer pay or
16 equivalent pay as a result of service in a uniformed service,

2 are incapable of self-support because of being men-
3 tally or physically incapacitated and who are in
4 fact dependent on the member for over half of their
5 support, and his dependent children over twenty-
6 one years of age duly enrolled in a full-time course
7 of study in an institution of higher learning as
8 approved by the Secretary of Defense. The term
9 “children” shall, in addition to the member’s own
10 or lawfully adopted children, include stepchildren;

11 (C) his parents and parents-in-law if in fact
12 dependent on him for over half of their support;

13 (D) his unremarried widow, and his children
14 as defined in (B) ; and

9 the member’s death he was in fact dependent on her

13 the Army, Navy, Air Force, Marine Corps, and the Coast

4 services shall in no way interfere with the primary mission
5 of those facilities.

6 (b) In order to provide more effective utilization of
7 medical facilities of the uniformed services the Secretary of
8 Defense and the Secretary of Health, Education, and Wel-
9 fare shall jointly prescribe regulations to insure that de-
10 pendents entitled to medical care in a medical facility of a
11 uniformed service under the provisions of this Act shall not
12 be denied equal opportunity for medical care because of the
13 service affiliation of the service member.

14 (c) The Secretary of Defense, after consultation with
15 the Secretary of Health, Education, and Welfare, shall
16 establish charges for any subsistence given dependents in
17 connection with medical care in the facilities of the uniformed
18 services, which charges shall be the same for all dependents
19 of members and dependents of retired members of the uni-
20 formed services.

21 (d) As a restraint on excessive demands for medical
22 care under this section, uniform minimal charges may
23 be imposed for outpatient care but such charges shall be
24 limited to such amounts, if any, as may be established by

1 the Secretary of Defense after consultation with the Secretary
2 of Health, Education, and Welfare, under a special finding
3 that such charges are necessary.

4 (c) Any amounts that are received in payment for sub-
5 sistence and medical care rendered dependents in facilities
6 of the uniformed services shall be deposited to the credit of
7 the appropriation supporting the maintenance and operation

4 the continental limits of the United States where adequate
5 civilian facilities are not available, those items, if avail-
6 able from Government stocks, may be provided to de-
7 pendents at prices representing full cost to the Govern-
8 ment;

11 determined by the cognizant physician to be medically
12 necessary;

14 (A) emergency care to relieve pain and suffer-
15 ing but not to include any permanent restorative
16 work or dental prosthesis;

17 (B) care as a necessary adjunct to medical or
18 surgical treatment; and

19 (C) outside the continental limits of the United
20 States and in remote areas within the continental

17 medical facilities of a uniformed service are available for
18 such dependents.

19 SEC. 202. In order to improve the availability of medi-
20 cal care for retired members of a uniformed service, and
21 their dependents, and dependents of members not included in
22 section 201, the Secretary of Defense after consultation with

12 where medical facilities of the uniformed services are not
13 available, the Secretary of Defense or the Secretary of Health,
14 Education, and Welfare, as appropriate, may contract for
15 medical care for such dependents with acceptable local medi-
16 cal sources, or the Secretary of Defense after consultation with
17 the Secretary of Health, Education, and Welfare may con-
